## Activity Area and Activities \*

TOYP discovers young human resources who are sleeping in various places throughout Japan, and through the TOYP business, we further brush up their businesses and send them out into the world.

.....

What kind of feature do you want to achieve through this activity(vision)? \*

We hope that the rate of entrepreneurship among young people, which is the lowest among developed countries, will increase through the dissemination of the young people featured in this project.

Please answer the specific activities you are undertaking now to realize the future. (within 200 characters) \*

We not only search for human resources from all over Japan, but also promote cooperation with other JCI chambers around the country in order to find out how we can help these people to become more active in their local communities.

What impact do your activities have on society? (within 200 characters) \*

The young people who have been disseminated through the TOYP project will play an even more active role in nurturing the entrepreneurial spirit of the next generation and creating more human resources to support Japan.

Do you have a social networking site or website where your activities are publicly available?
